

Health and Safety Policy

Operating from a state-of-the-art asphalt plant in Narangba Suncoast Asphalt produces a wide range of asphalt products for commercial and residential services clients across south-east Queensland.

Its experienced team of 60 employees provide high-quality profiling, maintenance and spray sealing services, and are well known for delivering reliable asphalt coring and testing services. Utilising an extensive fleet of trucks, paving equipment and the largest fleet of flocon maintenance units in Brisbane, Suncoast Asphalt provides highly responsive utilities maintenance services, 24 hours a day.

Suncoast Asphalt has an unwavering commitment to the ensuring health and safety of all staff customers and communities we work with.

Our Goal

Suncoast Asphalt aims to:

- Provide and maintain a safe and healthy workplace for all employees, contractors and visitors;
- Comply with relevant Occupational Health and Safety (OHS) legislation and applicable standards;
- Provide written procedures, information, training, instruction and supervision to enable our workers to perform work in a manner that is safe and minimises the risk of injury and illness;
- Develop and implement effective strategies to minimise the risk of injury and illness to employees, contractors and visitors through the identification, assessment and control of workplace risks; and
- Provide and maintain adequate facilities, safe equipment and safe methods of work for our employees, contractors and visitors.

Making it happen

We achieve our occupational health and safety goals by:

- Setting, monitoring and communicating meaningful health and safety objectives and targets to employees;
- Consulting with employees and contractors about health and safety matters that affect them;
- Adopting a co-operative approach between managers, employees and contractors in addressing health and safety matters;
- Proactively engaging our workforce in the identification, assessment and control of workplace risks;
- Regularly reviewing health and safety documents to ensure they remain relevant to the Alex Fraser Group and assist in improving health and safety performance; and
- Making the health and safety policy available to all interested parties such as employees, contractors, suppliers, visitors and members of the public.

Our Commitment

We are all responsible for Suncoast Asphalt's health and safety performance. In particular:

- No business objective or activity is more important than the health and safety of our employees, contractors and visitors;
- Individually, we are all accountable and empowered to ensure our actions protect the health and safety of ourselves and others;
- Managers and Supervisors provide leadership, adequate resources and ensure procedures are understood by employees, contractors and visitors and are followed; and
- We must all be prepared to stop any job, at any stage, if it cannot be done safely.

We expect that all employees, contractors and visitors comply with the requirements of our health and safety policy, at all times.

Peter Murphy
Managing Director
